

Welcome to Kona

The serene, lush grounds of Royal Kahili are well maintained. You may read a book near the Japanese Koi pond where you are instantly relaxed from the tranquil sounds of the waterfall. You can also watch the waves of the Pacific Ocean from the heated swimming pool area which has a BBQ and picnic tables with a shaded cabana. This is a great place to play cards or have dinner while watching the sunset.

A short walk to the left on Alii Drive will take you to the famous White Sands Beach and further down you will find one of the most popular snorkeling beach where you will likely have a chance to swim with the turtles. Walk a quarter mile to the right to purchase gifts at the Ali'i Gardens MarketPlace. We love to stroll a couple miles down the road to enjoy a cup of Kona coffee at the Lava Java right in the heart of Kailua-Kona town. This town is enjoyed by many who come for shopping, dining, beaches, and night life.

Kailua-Kona and the entire Big Island of Hawaii offer a variety of activities from lazing around the pool or beach with a book, to snorkeling with the turtles and colorful fish, to encountering a herd of wild goats while hiking to Makalawena Beach. * Full Ocean Front View from Lanai and Master Bedroom.
